Build Up Merchant Marine. He Urges-Tariff Board Certain.

"WAR MAY REACH US"

Washington, Feb. 10.—Diverting his attention from the problems of possible war to the problems of peace President Wilson held in prospect a cheering vision for the business of the country in an address at the banquet to-night closing the fourth annual convention of the United States Chamber of Com-

He pointed to the Federal Reserve nental measure, at least, to rehabilitate

of Commerce that when the war is over

Because of the changed economic cor ditions that will result from the war the President advocated particularly a tariff commission. This evoked the applicular assembled business men. "We really ought to have a scientific riff board," he said, "and I think that are going to have it."

The President expressed the hope, however, that it would not be his duty to appoint those who will constitute it ecause of the difficulty of finding in partiality where the tariff is involved. The President declared that he was not for protection and was not interested in doctrines of free trade

declared to be an absolute necessity. larger cities and give them credit for the first two trains by bandits.

While the rest of the world is at war, occasionally going in search of the The trains were scheduled to night at Moctezuma in order to
